

COMPUTER SCIENCE MINOR

Program Description

The Computer Science minor provides foundational skills in Computer Science, which will support the student in a wide range of career paths.

The minor provides the skills necessary to support the creation and maintenance of custom software solutions in their field of study.

Students taking the minor will be exposed to two programming languages, database administration, and can choose two upper level courses from all the CSCI courses to tailor the minor to their main degree.

Requirements

Code	Title	Hours
CSCI 105	Intro to Computer Programming	3
CSCI 121	Principles of Programming	4
CSCI 201	Data Structures and Algorithms	4
CSCI 211	Database Applications	4
CSCI 221	Computer Networks	3
CSCI 415	Computer Org Architecture	3
Select three or four additional CSCI credits at the 300- or 400-level		3-4
Total Hours		24-25
