

GEOGRAPHIC INFORMATION SCIENCE MINOR

Program Description

The GIS Minor provides students with core skills in Geospatial Analysis, with advanced coursework in students chosen subdisciplines.

Code	Title	Hours
GIS Core Requirements		
EVRN 131	Introduction to GIS and GPS	3
EVRN 225	Intermediate GIS	3
EVRN 325	Geospatial Analysis	3
Select two of the following:		8
EVRN 355	GIS Programming & Applications	
EVRN 365	App Geospatial Technologies	
EVRN 445	Remote Sensing & Spatial Stats	
Select one of the following:		1-4
EVRN 211	Field Data Methods	
NRES 284	Principles Forest Conservation	
GEOL 308	Structural Geology Systems	
RECS 365	Expedition Management	
Select one of the following:		3
CSCI 105	Intro to Computer Programming	
BIOL 280	Biostatistics	
BUSN 211	Business Statistics	
MATH 207	Prin of Statistical Methods	
PSYC 210	Statistics	
Total Hours		21-24

Minimum grade of C (2.00) in every EVRN course.
