

MARINE AND FRESHWATER SCIENCES MINOR

Program Description

The Marine & Freshwater Science minor prepares student for careers in the aquatic sciences (oceanography, limnology, hydrology, aquatic ecology, etc.).

Requirements

| Code | Title | Hours |
|---|--------------------------------|--------------|
| NSCI 116 | Introduction to Oceanography | 4 |
| NRES 286 | Principles of Watersheds | 3 |
| Choose one of the following: | | |
| NRES 345 | Limnology | 4 |
| GEOL 334 | Hydrologic Sys: Sur/Grd Water | 4 |
| Choose one of the following: | | |
| NRES 389 | Internship in: (Discipline) | |
| NRES 450 | Apprenticeship in (Discipline) | |
| Select two of the following (must represent different disciplines): | | 6-8 |
| BIOL 232 | Introduction to Aquaponics | |
| BIOL 302 | Invertebrate Zoology | |
| EVRN 341 | Fate & Transport Environment | |
| EVRN 389 | Environmental Research Methods | |
| GEOL 121 | Physical Geology | |
| GEOL 122 | Historical Geology | |
| NRES 310 | Ichthyology | |
| NRES 333 | Fish Ecology | |
| NRES 475 | Aquatic Entomology | |
| Total Hours | | 21-23 |
