

CANNABIS HEALTH (CHLT)

CHLT 421 Cannabis Health Capstone 3 Credit Hours (3,0)

In this course, students will be actively engaged in research and discussions that are reflective of previous learning and give opportunity to explore areas of individual interest, ethics, practice and policy as it relates to cannabis use in populations and health.

Prerequisite(s): CCHM120, CCHM245, CBUS360 or CBUS361, SOCY420
